

Fire Extinguisher Recharging and Maintenance

C11

BAFE approved, this course covers the legal requirements of maintenance of portable fire extinguishers. Extinguisher use, construction and recharging procedures.

Overview

This four-day course will provide you with BAFE approved fire extinguisher knowledge and understanding. It is a legal requirement that fire extinguisher servicing is carried out by a competent technician correctly and regularly, to remain effective in the event of a fire. The course offers an efficient and cost-effective solution for organisations which operate on one or more sites to undertake their own servicing and maintenance of portable fire extinguishers.

- disposal of medium
- preparing a report to the responsible person
- provision and siting
- gas cartridges
- inspection and servicing
- extinguishing agents

Certification

- the BAFE Theory and practice of servicing portable fire extinguishers in accordance with the requirements of BS 5306 Parts 3 and 8 certificate valid for 3 years
- this course has been awarded 19.5 IFE CPD hours
- CFPA Portable Fire Extinguisher Maintenance Technician

Who will benefit?

- maintenance and facilities staff
- fire safety consultants
- fire safety technicians
- sellers and estimators
- premises managers
- those looking to gain the extinguisher technicians qualification

Learning outcomes

- knowledge of the correct servicing regime to be adopted for specific types of portable fire extinguisher.
- the skills necessary to sit the theory and practical exam of servicing portable fire extinguishers in accordance with the requirements of BS 5306 Parts 3 and 8 (invigilated by BAFE), an integral element of the BAFE SP101 Competency of Portable Fire Extinguisher Organisations and Technicians Scheme.

Programme

- types of fire and smoke spread
- methods of fire extinguishment
- extinguisher construction
- recharging procedures

Progression

After 3 years a refresher course should be undertaken to keep certification valid:

- Portable Fire Extinguishers Technicians Refresher
- Certificate in Fire Risk Assessment
